

**Mississippi Department of Mental Health**  
**Provider Bulletin**  
**Number PR0040**

**Subject:** Submission of FASD Screening Results

**Issue Date:** February 9, 2015  
**Effective Date:** March 1, 2015

**Scope**

DMH Certified Providers of Children’s Mental Health Services

**Purpose:**

To revise reporting requirements for FASD Screening Data

**Background:**

Per Rule 43.2.C of the DMH Operational Standards, providers of children’s mental health services must report the results of FASD Screening at least monthly to the Division of Children and Youth. To date, both positive and negative screening results have been reported.

**Subject:**

In order to better assist providers with resource development and appropriate referrals, the Division of Children and Youth is no longer requiring the submission of negative results from the FASD Screening Tool. **Only positive results from the FASD Screening Tool must be reported to the Division of Children and Youth.** All other reporting requirements remain applicable.
