**Purpose**

Provide clarification regarding DMH requirement of inspections from the MS State Department of Health.

**Subject**

DMH has been working with the MS State Department of Health to clarify requirements for the use of the MSDH Residential Facility Inspection Form (Form 750) as it relates to programs certified by DMH. MSDH has provided DMH written communication that agrees that the 750 inspections are not needed by the majority of the facilities/programs that DMH certifies.

MSDH and DMH have concluded that only programs certified **as Crisis Stabilization Units providing Crisis Stabilization Services** and programs certified as **Primary Substance Abuse Rehabilitation and Treatment Programs** will be required to continue with the MSDH inspections.
