RESOURCE DIRECTORY

2019

This is the twenty-second (22nd) edition of the **Mississippi Department of Mental Health’s Addictive Services Resource Directory**. Programs receiving funding from the Mississippi Department of Mental Health are required to be certified according to its *Operational Standards for Mental Health, Intellectual/Developmental Disabilities and Substance Use Disorders Community Service Providers*. Other programs may voluntarily apply for this certification. Certification by the Mississippi Department of Mental Health may involve the entire service provider or particular programs or service areas (i.e. residential services, DUI assessment, outpatient services, etc.). The service providers listed in this directory are certified by the Mississippi Department of Mental Health.

COMMUNITY MENTAL HEALTH, INTELLECTUAL/DEVELOPMENTAL DISABILITIES AND SUBSTANCE USE DISORDER CENTER SERVICE AREAS

ALCOHOL AND DRUG PREVENTION, TREATMENT AND RECOVERY SUPPORT SERVICES

SERVICE SYSTEM

The Mississippi Department of Mental Health, Addictive Services, administers the public system of substance use assessment, referral, prevention, treatment, and recovery support services for individuals in Mississippi. Addictive Services is also responsible for establishing, maintaining, and evaluating the network of service providers, which includes regional community mental health centers and other nonprofit community-based programs.

Addictive Services has the responsibility of administering fiscal resources (state and federal) to the public system of prevention, treatment, and recovery supports for persons with substance use disorders. The overall goal of the state's substance use disorder service system is to provide quality care within a continuum of accessible community-based services including: prevention, outpatient, withdrawal management, intensive outpatient, primary and transitional residential treatment, opioid treatment services, and recovery support.

The Community Mental Health Centers (CMHCs) are the foundation of the substance use disorder delivery system. In addition, some centers offer services for specialized populations such as children and adolescents, the elderly, and pregnant/parenting women.

There are also a number of other public and private agencies that provide prevention, treatment, and recovery support services. These entities also provide services for special populations and may receive funding from other state agencies, community service agencies or donations.

DESCRIPTION OF SERVICES

ACUTE PARTIAL HOSPITALIZATION PROGRAM

The Acute Partial Hospitalization Program for Substance Use Disorders provides an intensity of treatment similar to an inpatient environment, in a less restrictive, community-based setting. This short-term, intensive level of care allows individuals to benefit from consistent, structured treatment while maintaining their usual living arrangements in their communities. The following programs are certified as an Acute Partial Hospitalization Program:

Mississippi Drug and Alcohol Treatment Center, Biloxi
Stonewater Adolescent Recovery Center, Oxford
Three Oaks Behavioral Health, Ridgeland

OPIOID TREATMENT SERVICES

Opioid treatment programs provide withdrawal management services to people suffering from chronic addiction to opiates or opiate derivatives. The services support the individual by utilizing methadone, and/or Buprenorphine while the individual participates in a spectrum of counseling and other recovery support services to assist the person with successful recovery from opiate addiction. The following programs are certified to provide Opioid Treatment services by the Mississippi Department of Mental Health:

Alternatives for Life Treatment & Recovery, LLC, Jackson
Colonial Management Group dba Metro Treatment of Mississippi,
Meridian, Biloxi, and Desoto
Jackson Comprehensive Treatment Clinic, Jackson

Programs must use the American Society for Addiction Medicine (ASAM) levels of care to determine compliance with withdrawal management standards. The following programs are certified to provide Withdrawal Management by the Mississippi Department of Mental Health:
