

PROGRAMS OF ASSERTIVE COMMUNITY TREATMENT (PACT)

For more information, visit www.dmh.ms.gov

WHO IS PACT FOR?

PACT Teams are for people who have the most severe and persistent mental health problems and who have not benefited from traditional outpatient services.

WHAT DO PACT TEAMS DO?

PACT promotes successfully living in the community while receiving mental health treatment services. Teams are mobile and can provide their services to people at their homes rather than in an inpatient facility, which allows them to continue living in their communities.

WHAT SERVICES ARE AVAILABLE THROUGH PACT?

A variety of recovery-oriented services are available for people being served by a PACT Team including: Supported Employment, Peer Support, Individual and Group Therapy, Permanent Supported Housing, Alcohol and Drug Services, and more.

HOW CAN I FIND OUT MORE ABOUT PACT?

For more information or to find help in your area, contact the Mississippi Department of Mental Health Helpline at 1-877-210-8513 or visit dmh.ms.gov to find out more about your local Community Mental Health Center.
