Scope

All DMH Certified Providers

Purpose

To obtain input regarding the provision of core services at Community Mental Health Centers

Background

The MS Department of Mental Health and the Strategic Planning and Best Practices Committee are interested in your input regarding the provision of core services at Community Mental Health Centers (CMHCs).

Subject

We are asking you to provide information in two ways. The first way is for you to provide input regarding services that are currently available in our State. The second way is for you to provide input regarding services that are not currently available in our State. For example, services that you may be knowledgeable about that are provided in other states or areas.

Please utilize this link to provide your response. http://www.surveymonkey.com/s/DMH_CoreServices

Please feel free to share this link with other interested parties, such as your staff, individuals you serve, family members, etc. The survey is only available online so the link must be utilized in order to respond to the survey. Additionally, individuals responding to the survey must be willing to identify themselves in order to respond.

Please note that this survey will close on Tuesday, April 30, 2013.

We appreciate your input as we work together to provide mental health services in MS.
