CRISIS STABILIZATION SERVICES

FOR CHILDREN AND YOUTH

The Department of Mental Health/Bureau of Community Mental Health Services is now accepting requests for proposals for state fiscal year 2024.

Please note that all grants are contingent on the funding by the Mississippi State Legislature and/or the Federal Government. The submission of this application to the Department of Mental Health is not a guarantee of funding.

This proposal application is eligible to all Mississippi Department of Mental Health (DMH) certified providers who are in good standing. However, DMH certification is not a guarantee of funding. All submitted proposals will be evaluated by a panel of reviewers using the posted competitive grant scoring rubric. Not all submitted proposals may be funded, but comprehensive feedback will be provided to all providers, particularly if their application was not funded for the current fiscal year.

Crisis Stabilization Services are time-limited residential treatment services provided in a Crisis Stabilization Unit (CSU). CSUs provide psychiatric supervision, nursing services, structured therapeutic activities and intensive psychotherapy (individual, family and/or group) to children and youth ages 6-18 who are experiencing a period of acute psychiatric distress which severely impairs their ability to cope with normal life circumstances. Crisis Stabilization Services must be designed to prevent civil commitment and/or longer-term inpatient psychiatric hospitalization by addressing acute symptoms, distress, and further decompensation. The content of Crisis Stabilization Services may vary based on each individual's needs but must include close observation/supervision and intensive support with a focus on the reduction/elimination of acute symptoms.

Anticipated Total Available Funding: \$800,000

Number of Awards: 2
