REGION 6 COMMUNITY MENTAL HEALTH COMMISSION:

PROCLAMATION SUPPORTING MS'S CCBHC EFFORTS

WHEREAS, mental illness affects more than 431,000 Mississippians. These are our friends, family members, and neighbors.

WHEREAS, the Region 6 Board of Commissioners endeavors to provide efficient and effective community based care for adolescents and adults with serious mental illness and/or substance use disorders.

WHEREAS, community services and supports prevent unnecessary hospitalizations for children, youth, and adults.

WHEREAS, Certified Community Behavioral Health Centers (CCBHCs) are designed to provide a comprehensive range of mental health and substance use disorder services to vulnerable individuals; with an emphasis on the provision of 24-hour crisis care, utilization of evidence-based practices, care coordination and integration with physical health care.

WHEREAS, CCBHC will:

- Improve access to and delivery of community-based behavioral health services.
- Address gaps or barriers to care in Mississippi
- Establish sustainable funding for additional investment in quality, evidence-based mental health and substance use services.
- Offer more competitive wages because of the cost-based reimbursement that can aid in alleviating workforce shortages.
- Hold CMHCs accountable for quality outcomes.
- Engage stakeholders and consumers of mental health services, including youth, family members, and community leaders, to provide input on a customizable approach to care that increases responsiveness to the needs of Mississippians.

NOW, THEREFORE, we, the Region 6 Board of Commissioners, support the agency's transition to the Certified Community Behavioral Health Clinic (or CCBHC) model.
